

ANTIQUE BRICK & BLOCK

CONCRETE MASONRY UNIT SIZE AND SHAPE GUIDE

PROOF

LITTLE ROCK, ARKANSAS

ANTIQUE
BRICK & BLOCK

SINCE 1979

Antique Brick & Block is your trusted partner for high-quality Concrete Masonry Units (CMU). Operating our state-of-the-art manufacturing facility on our Little Rock campus gives us a unique advantage: the ability to produce exactly what your project demands.

This local capability means that in addition to our extensive stock offerings, we can create custom sizes, shapes, and colors tailored to your specific architectural vision—solutions that may not be represented within this guide.

We operate as a complete turnkey supplier, ensuring you have everything required from concept to completion. Our commitment extends beyond the block itself:

Full Range of Materials: We supply CMU, aggregate materials in bulk or job-size increments, and all necessary tools and accessories for proper installation.

Logistics & Delivery: Our dedicated fleet of trucks of varying sizes provides reliable job-site delivery to keep your project on schedule.

Design Partnership: Our team is ready to work with you through plan concept and design all the way to construction, turning your ideas into a reality.

On the following pages, you will find a detailed overview of our most popular, in-stock CMU offerings. Remember, this represents just a portion of our total capabilities. If you have custom or specialized needs, please contact us—we look forward to partnering with you on your next project.

ANCHOR
DIAMOND

SEGMENTAL RETAINING WALL

When it comes to creating durable, beautiful, and natural-looking retaining walls, the right system makes all the difference.

Antique Brick & Block manufactures the **Anchor Diamond** line of concrete retaining wall blocks in a range of sizes and styles fitting jobs from a residential garden to large-scale commercial site work and commercial development. These blocks are also produced in an array of colors matching modern and classic design trends, adding aesthetic appeal to strength and confidence.

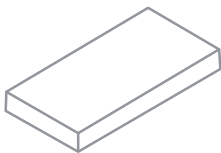

Scan the QR code to learn all about the available options, installation techniques and more in our brochure.

PINK PALLET PROGRAM

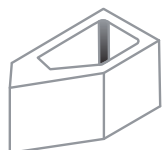

Antique Brick & Block's pink pallets are more than easy to spot. They also put money back in your pocket. When your project is complete, you can set aside any clean and undamaged pallets, and our team will return to pick them up. After they are inspected, we will issue a pallet credit that can be applied toward future orders, helping stretch your budget and reduce waste on every job.

This program is a simple way to keep your workspace tidy, support responsible material handling, and gain added value from every load you receive.

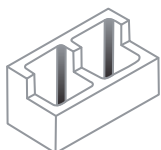

See your representative for complete details.
